A note about medication. If your student is taking *prescription* medication with them on any Kish activity or retreat, we would like to know what medication they are on and for what it is taken. During overnight activities, our staff will keep a record of the prescription information for the duration of the activity which will be kept confidential. We cannot legally hold onto or dispense the medication to your student. We ask that they keep the medication with them and take it as prescribed. Our team will be there to ensure they are taking their medication properly and to assist them, if need be.
